

## MIGRATION WEBINAR

### *A high level overview of the process*

HP3000 sites are faced with the daunting task of migrating their mission critical applications to a new platform. Problem is the target platform will run a new operating system, the database will change and all of the surround code including tools will have to be either changed or modified.

The goal of the migration webinar is to identify the business objectives and benefits to the organization and outline the process to develop a high level action plan. At its completion the attendee should be able to gauge the corporate readiness for the migration process.

Our migration webinar will provide a strong foundation upon which to build your internal migration plan or alternative. It will have provide a cost effective start for your entire migration process.

#### **About MB Foster**

MB Foster has been providing data access, transformation and delivery tools and services to Hewlett-Packard users for over 30 years. Manipulating data requires knowledge of the data repositories, and the applications that handle and store the data. Our expertise in this area is second to none.

We have, since 1996 been providing Hewlett-Packard with data access solutions for integration into Business Critical Servers (BCS) and we have been the lab for supporting and developing these products.

Our expertise and knowledge of Hewlett-Packard platforms made us the obvious choice as a selected charter member of the HP3000 Platinum Migration Partner Program. In addition to our own expertise we have forged relationships with "best in class" partners, to ensure that we can offer our customers the best possible solutions for their migration.

MB Foster's Professional Services Team is familiar with the risks involved when migrating mission critical applications. Their knowledge of HP3000, OpenVMS, UNIX, Windows and Linux is unparalleled and they are well versed in new technologies. With MB Foster on your team you can rest assure that your migration will be completed successfully - on time and on budget.
