

PORTING PLAN

*Your current application meets your needs
today and will continue to do so into the future*

You now have the task of determining the most cost effective, timely and efficient method of porting the application to your target environment. Preparing a plan is the best way to ensure that the process is as error free as possible. MB Foster's porting plan covers the following areas:

- Research the tools required for the job
- Research target environment (CI, UI, compilers, RDBMS)
- Develop porting methodology
- Develop porting do's and don'ts
- Develop coding standards
- Develop documentation standards
- Develop design standards
- Identify activities
- Identify tasks
- Identify documentation responsibilities
- Identify dependency requirements
- Identify acceptance testing
- Develop acceptance criteria

In co-ordination with your IT staff, MB Foster's Professional Services Personnel will develop a plan specific to your application, infrastructure and corporate resources.

About MB Foster

MB Foster has been providing data access, transformation and delivery tools and services to Hewlett-Packard users for over 30 years. Manipulating data requires knowledge of the data repositories, and the applications that handle and store the data. Our expertise in this area is second to none.

We have, since 1996 been providing Hewlett-Packard with data access solutions for integration into Business Critical Servers (BCS) and we have been the lab for supporting and developing these products.

Our expertise and knowledge of Hewlett-Packard platforms made us the obvious choice as a selected charter member of the HP3000 Platinum Migration Partner Program. In addition to our own expertise we have forged relationships with "best in class" partners, to ensure that we can offer our customers the best possible solutions for their migration.

MB Foster's Professional Services Team is familiar with the risks involved when migrating mission critical applications. Their knowledge of HP3000, OpenVMS, UNIX, Windows and Linux is unparalleled and they are well versed in new technologies. With MB Foster on your team you can rest assure that your migration will be completed successfully - on time and on budget.

*Our knowledge and understanding of new technology will equip you with
a solid plan to sure that your application porting process is a success*
